Rasgandhayan, The Chemical Society of Gargi college organized multiple events in the session 2021-22 and made everyone of it a success. The year began with a virtual event, , organized on 4th September 2021, celebrating Teachers' Day. It was an interactive event organized to show gratitude to the teachers, which was filled with

To mark India's River week, Rasgandhayan organized a 3-day event, **Pushkaram**, from September 24-26, 2021. On 24th September, an inaugural lecture was organized on "River Rejuvenation". The speaker for this auspicious event was Dr. Rajiv Ranjan Mishra, The Director-General of the National Mission for Clean Ganga, who highlighted the dire situation of the rivers and showed everyone the opportunities through which they can contribute to their rejuvenation. On the second day of **Pushkaram**, an inter-college picture depiction competition, **Raconteur** was conducted. The three-day event concluded with an Online Spoken Word Competition, **Voice of the River**, thus finishing the river week celebration on a high note.

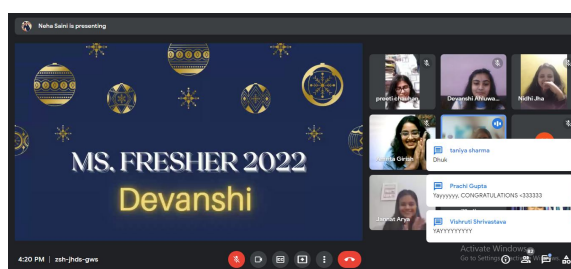

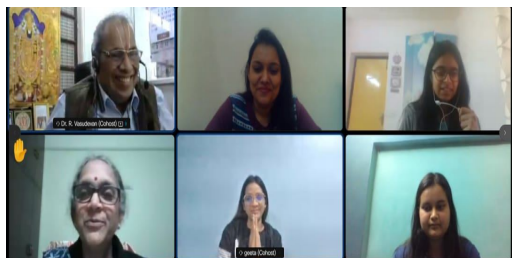

An informative 3-day workshop on ‘**Career Prospects for Science students**’ was organized from October 18-20, 2021. The first day was an enlightening session on ‘**Profile Building and Career Counselling**’ by Mr. Abhishek Gupta, Byju's National eminent speaker and founding member of Career Labs followed by a phenomenal lecture by Dr. Preeti Rao, dietician and founder of “Diets and Nutrition” on the topic ‘**Health and Nutrition**’, on the second day. Day 3 embarked with Mr. Gaurav Gupta, co-founder, and director of “Advit Ventures Private Limited”, introducing ‘**Silicon Solar Cells- A career option for science students**’.

To celebrate the auspicious festival of Diwali, a virtual rangoli-making competition was organized, followed by an educational webinar on January 3, 2022, that intended to highlight some competitive exams for students currently pursuing B.Sc., by Mr. Pradeep Singh, CEO, and faculty member in Chem Academy.

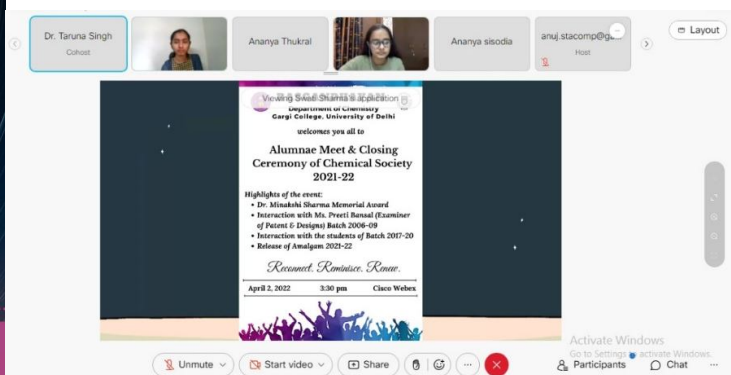

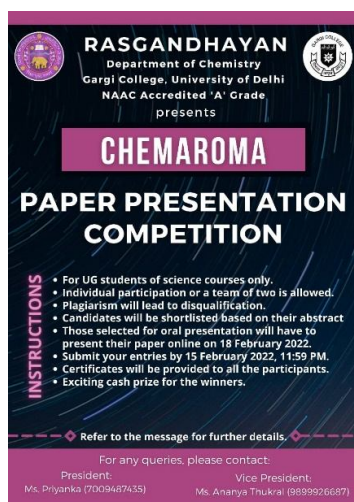

The most anticipated, **Aagaaz**, fresher's 2022, a virtual fun pack event for first years, was organized on January 15, 2022, where the seniors extended a very warm welcome to the college and the department.

On February 16, 2022, Rasgandhayan organized its annual **Dr. C.K. Khurana Memorial Lecture** on the topic 'Plastic Waste Management' by a very renowned speaker, Dr. R. Vasudevan, Padma Shree Awardee, also known as the Plastic Man of India, who showed light on the waste management process of plastic and how it can be considered as a boon

CHEMAROMA, the department's annual event comprised of a **paper presentation competition**, followed by an idea proposal competition, '**Innovative Mind Battle**'.

"An end is only a beginning in disguise." Rasgandhayan then organised the Alumnae meet and Closing ceremony of the Chemical society 2021-22 on April 02, 2022. This ceremony included interaction with Chemistry department Alumna Ms. Preeti Bansal followed by announcement of Dr. Meenakshi Sharma memorial award winner and release of **"AMALGAM 2021-22"**

Last, but not least, department organized **"BELLA CIAO"**, farewell for the batch of 2022 on April 20, 2022.

The year ended on a positive note and every event inculcated new ideas and cognizance in the students.
