

## Environment Friendly Initiatives by the Physics Department

- Own-A-Mug Initiative
- e- Waste Collection and awareness drives
  - Talks and interactions by the experts
- Participation in poster competition on e-Waste

### e-Waste Collection & Awareness Drive: Department of Physics

- e-waste is toxic which should not be mixed with the general waste and needs safe disposal.
- It consists of PCBs of electronic equipment, batteries of various types and other waste digital gadgets..... The list is endless.
- e-Waste contains lead, cadmium, other heavy metals and chemicals which are harmful for the health, environment and eco-system.

**e-Waste  
Collection &  
Awareness Drive**  
18<sup>th</sup> -25<sup>th</sup>  
September 2018

**Kindly pour e-waste in the three designated bins kept in the Physics Department during this week. Please send comments, information or suggestions to [phys.gargi@gmail.com](mailto:phys.gargi@gmail.com)**

E-WASTE COLLECTION

Dept. of Physics: Own-a-Mug Competition (2015-16)

December 20, 2015 · 🌐

"OWN A MUG " Competition !

Its high time that we realise of the severe pollution attack on earth !! A competition has been put up encouraging more people to own a mug ! This saves a huge amount of disposal waste we put in dustbin everyday !! You need to look for a mug that meets the features( read the picture ) and prepare a report of why did you select this ! READ THE DETAILS OF THE COMPETITION in the image ! HOPE TO SEE MAXIMUM PARTICIPATION! LETS WORK OUR IDEA TO SAVE THE PLANET !
