

Warm Greetings!

ZENITH: The association of Physical Science & Life Science, Gargi College gladly announce

INAUGURAL TALK on the topic SPECTROSCOPY 

We are honored to have Dr. Meena Bhandari, Dean of School of Basic and Applied Science, K.R. Mangalam University to speak on 'Structural Analysis of organic compounds using UV visible and IR-spectroscopy'. Dr. Bhandari received an M. Phil degree in Chemistry from Punjab University, Chandigarh, and joined Ph.D. Program at Indian Institute of Technology, Delhi. She was selected for the Research Associate Award from CSIR and AICTE sponsored "Career Award for Young Teachers". She has presented her research in reputed journals and international conferences.

The event aims to bridge the gap between theoretical and practical aspects of Spectroscopy.

✦✦ We request the honor of your presence.

Important details of the event are as follows:

Date: September 28, 2022

Time: 12:20 pm onwards

Venue: Seminar Hall

Kind regards,

ZENITH Union
